HOW TO ORDER ONLINE

HOW TO ORDER ONLINE:

1. Go to Blossersstudio.com
2. Click on graphic that states “Click Here to Order Fall School Portraits for your Student”
3. A new web page pops up: Follow the next steps:

PRE-PICTURE DAY ORDERING: Select the drop down option that says “JOB/SCHOOL” and select the school your child attends, and hit OPEN. Fill in the proper information. Parents can only order for one child at a time, so they must complete the order and then add another student before they checkout.

POST-PICTURE DAY ORDERING: The day that pictures are delivered to your child’s school, you will receive a password. To order photos you must enter in the PASSWORD that is found on the flyer/envelope handed out and hit OPEN. You are NO LONGER able to select the school, you must enter your child’s password. This Password allows you to see your child’s image while placing your order. Each Password is unique to the child and cannot be used for multiple kids. So for each child you must place your order, checkout, and then log back in with another password.

Please direct any questions to Desi so we can better assist with this process.

Thanks!
